PROPOSAL TO CREATE, REVISE OR DELETE A COURSE

Department \underline{Math}

AA (April 2003)

(Proposed Course Number) 4359

Proposed Course Title Linear Algebra II

Nature of Proposed Change	Common Curriculum Status	1
New Course ✓ Description Change Revised Course ✓ Title Change	Presently in Common Curriculum Now Proposed for Common Curriculum Yes Yes	
Deleted Course	If yes, which Understanding or Skill	
Number Change (Old Number)		
Adding Prerequisites	Estimated number of seats added or deleted from the Understanding	
Rationale (Explain why the change is being proposed, its relation, if any, to the major or minor program, and what curricular improvements will result.):		
Our majors are constantly searching for courses, offered on a	dependable schedule, to meet their 4000 level g	raduation
requirement. This course offers a more in-depth study of a field in which our majors find interest and thus gives our majors another option from which to fill this 4000 level course requirement.		
Curricular Impact Statement (What curricular trade-offs will result if this of	course is approved?):	
This course would provide preparation to our students who wish to continue their education in graduate school as well as contribute to our goal to increase the number of 4000 level courses offered by the Mathematics department.		
Teaching Resources (Explain any impact on personnel, faculty contact has First Year Seminar.):	ours, Common Curriculum and other course offerings, a	nd involvement in
We do not foresee any increase in contact hours or impacts or	course offerings.	
Proposed Bulletin Description:		
Topics beyond MATH 3358, which may include canonical forms, spectral decompositions, analysis of linear systems, and matrix norms. Fall, alternate years.		
Prerequisite: Math 3358 or consent of instructor.
